A person may examine this tariff filing at the office addresses listed above for any of the cooperatives.

On or after October 1, 2023, the Cooperatives will file with the Kentucky Public Service Commission ("Commission"), a tariff for a Pilot Residential Electric Vehicle ("EV") Off-Peak Charging Program ("pilot program"). The proposed effective date for the tariff is December 1, 2023 through June 30, 2029. The pilot program is voluntary in nature. The Cooperatives do not have a DSM Rider in effect, so there will be no change in the rates charged for electric service to any customer class. However, if the proposed tariff is approved, the pilot program will offer an incentive for residential retail members of \$0.02 per kWh to delay their daily EV charging until off-peak hours.

The proposals contained in this notice are the items being proposed by the Cooperatives, however, the Commission may order a program that differs, or rates that differ, from the proposed program contained in this notice. The proposed tariff does not amend or revise existing rates of the Cooperatives and does not include any proposed new rates for the Cooperatives. Consequently, an analysis of the amount of change in dollars and percentage change or the effect upon an average bill for each customer classification is not provided.

A person may also examine this tariff filing at the Commission's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 pm., or through the commission's Web site at <http://psc.ky.gov>. Comments regarding this tariff filing may be submitted to the Public Service Commission through its Web site or by mail to Public Service Commission, P.O. Box 615, Frankfort, Kentucky 40602.

A person may submit a timely written request for intervention to the Commission, P. O. Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication or mailing of the notice, the Commission may take final action on the tariff filing.
