

JOB DESCRIPTION

Job Title:	Apprentice Trimmer (Hourly)
Department:	Vegetation Management
Reports to:	Crew Leader – Vegetation Management
Supervises:	None

OBJECTIVE

Enhance the reliability of electric service delivered to Nolin RECC members by keeping overhead distribution lines clear of trees, tree limbs, vines, and other growth that might cause service to be interrupted. Keeps informed and complies with all safety policies, procedures, rules, and regulations.

RESPONSIBILITIES

1. Demonstrates working knowledge of Nolin RECC's overhead electrical system policies and practices, including but not limited to the following: right-of-way clearances, weed control, equipment maintenance and employee conduct.
2. Maintains right-of-way clearance near overhead distribution lines by cutting, trimming, and removing trees and brush from the ground, from a bucket and using rope and saddle and other equipment.
3. Inspects work after completion with Senior Trimmer or Crew Leader to ensure compliance with applicable specifications and codes.
4. Works with the Senior Trimmer and Crew leader to learn to read and interpret maps, specifications, staking sheets and diagrams.
5. In order to gain knowledge, frequently asks questions to understand work processes and procedures.
6. Disposes of waste products in a manner that is consistent with Wide Open Utility Service procedures.
7. Trims trees, sprays right-of-way with approved chemicals and performs other work associated with keeping overhead lines clear of vegetation under the direction of the Crew Leader using recommended techniques and precautions.
8. Places work signs and barricades around work areas; patrol lines, looking for defective material, equipment, or unsafe conditions; notifies supervisor of problem areas.
9. Patrols lines as required after completion of work or for quality control.
10. Responsible for the proper care of company equipment, tools, and property. Ensures personal tools are kept in a safe condition and follows proper uniform guidelines.
11. Learns and practices first aid, CPR and bucket rescue and resuscitation; participates in monthly safety meetings. Completes and follows all OSHA and APPA training and standards.
12. Operates vehicles and equipment including buckets, trucks, wood-chippers, chain saws, etc.
13. Performs minor repairs and maintenance on equipment used in cutting and removing trees and brush including but not limited to the bucket truck, wood-chipper, saws, and other equipment as necessary.
14. Maintains familiarity with OSHA "Right-to-Know" regulations as they pertain to chemical substances, etc., found or used in the work area.
15. Conducts self in a manner which would lead to the best possible working relationship between the employee and other members of the crew and/or employees of Nolin RECC. Answers all member inquiries promptly and courteously and/or refers them to appropriate leader.
16. May be reassigned to other jobs as necessary thereby assuming those responsibilities and job specifications.
17. Works according to Wide Open Utility Service safety and driving guidelines, reports all accidents immediately, and is responsible for the safety of the assigned area.
18. Participates in and achieves expectations of Wide Open Utility Service Tree Trimming Apprenticeship Program.

This job description is not intended to be all-inclusive and can be expanded to include other duties or responsibilities that management deems necessary. Wide Open Utility Service reserves the right to revise or change the job responsibilities as the need arises. This job description does not constitute a written or implied contract of employment.
